Casual Island Game Loops

Hi,

We would love to personally thank you for having downloaded our sample pack. If you are interested in the contents of this Asset Package, we encourage you to read on. If you have the time to leave a review on the Unity Asset Store, it would be extremely helpful to us. Having said that, let's dive right into it!

Aural Space Team

Package Description

Casual Island Game Loops, by Aural Space, features 5 Funny & Happy casual game loops, best suited for Island Themed Games. Use them in any of your projects to bring a little extra joy to your wonderful creations.

Each of the five loops (Excited, Happy, Peaceful, Sceptic & Thinker) can add something truly special and unique to your game. Use them in abundance!

Each Loop comes with various versions:

Full - The complete version of the loop.

No Drums - The full loop, without any drums.

Music - Only the background music of the loop, with no melody and no drums.

Melody - Only the melody of the loop.

Drums - Only the drums of the loop.

End - A creative way to jump out of the loop at any time.

Recommended Use

The loops have been strategically crafted to fit your game's general needs. We advise you to start off the song with the “_Music” loop, to have a nice introduction. After a few repetitions, switch to the “_No_Drums” version, to make the track build up and after some more repetitions, play the “_Full” version.

Imagine each different version as a Puzzle Piece, you can fit together with the other versions to create something truly unique. We can't wait to hear your Musical Puzzle!

All audio files are subject to the Store LICENSE.

“We hope you’ll find this package useful while making your game, nui ka lā nani!”
